Subject: Proposed Fed Changes to FOM rules
Date: Wednesday, October 21, 2020 8:11:11 PM

NONCONFIDENTIAL // EXTERNAL

Do Not make any changes that do not follow the intent of the FOM.

The FED is NOT above the law = and may NOT rely on an “Executive Order” to avoid an FOM or to “work around” and FOM.

Your “group” must wake up and follow FOM requests – period.

I will be informing my elected officials of my view and disagreement with your views and goals to avoid FOMs...
