Subject: Truth in Lending

It's about time! I always hated how vague their rules were and how it always benefit them. All these curved balls that they throw at you, you don't know where to go! The Credit Card companies need to spell out everything! If they are force by law to be specific all their mambo jumbo will be reduce or eliminated because people them will have a real choice of where to go. Credit Card should be force to follow the "fair credit act" just all other lending institution.

Thank You
