Your comment: Since the board of directors are brining up this idea will they be working also weekends and holidays? No? I didn't think so. To be open weekends and holidays is a NO. FIs will not hire more people do to cost. The staff you have will be overworked. Not every business needs to be 24/7/365. FI complete testing and systems upgrades on weekends that take hours. You asking people to work weekends and holidays instead instead of using the time for distressing and relaxing. Please do not consider this proposal. No.
