Effective March 2019

INSTRUCTIONS FOR PREPARATION OF

Quarterly Savings and Loan Holding Company Report FR 2320

General Instructions

centralbank/reportingcentral/index.html for electronic submission procedures.

Who Must Report

Reporting Criteria

The *Quarterly Savings and Loan Holding Company Report* (FR 2320) must be filed by top-tier savings and loan holding companies exempt from initially filing Federal Reserve regulatory reports.

For tiered savings and loan holding companies. When savings and loan holding companies own or control, or are owned or controlled by, other savings and loan holding companies (i.e., are tiered savings and loan holding companies), only the top-tier savings and loan holding company must file the FR 2320 for the consolidated savings and loan holding company organization unless the top-tier savings and loan holding company is not required to submit this report. If a top-tier savings and loan holding company is not required to file the FR 2320, then a lower-tier savings and loan holding company must file the FR 2320. The lower-tier savings and loan holding company may be determined by the district Federal Reserve Bank. In addition, lower-tier savings and loan holding companies may voluntarily file the FR 2320 or may be required to file in addition to the top-tier savings and loan holding company for safety and soundness purposes.

Where to Submit the Report

Electronic Submission

Savings and loan holding companies must submit their completed FR 2320 electronically. Savings and loan holding companies should contact their district Federal Reserve Bank or go to www.frbservices.org/

When to Submit the Report

The FR 2320 is required to be submitted as of March 31, June 30, September 30, and December 31.

If the savings and loan holding company has a quarter end other than a calendar quarter end, the savings and loan holding company may use data from the fiscal quarter ending within the reporting calendar quarter. For example, if the savings and loan holding company's fiscal year end is October, its fiscal quarter ends are January, April, July, and October. The savings and loan holding company should use its fiscal quarter ending January 31 for the March 31, April 30 for June 30, July 31 for September 30, and October 31 for December 31 of the FR 2320.

The submission date for a savings and loan holding company to file this report is 45 calendar days after the report date. The term "submission date" is defined as the date by which the Federal Reserve must receive the savings and loan holding company's FR 2320 report.

If the submission deadline falls on a weekend or holiday, the report must be received on the first business day after the Saturday, Sunday, or holiday. Earlier submission aids the Federal Reserve in reviewing and processing the report and is encouraged. No extensions of time for submitting reports are granted.

The FR 2320 is due by the end of the reporting day on the submission date (5:00 p.m. at each district Reserve Bank).

General Instructions

How to Prepare the Report

A. Applicability of GAAP, Accrual Basis, and Equity Method

Savings and loan holding companies are required to prepare and file the FR 2320 in accordance with generally accepted accounting principles (GAAP) as set forth in the FASB Accounting Standards Codification and these instructions. (See instructions below for insurance savings and loan holding companies preparing financial statements under statutory accounting principles.)

Where it is appropriate under GAAP to consolidate one or more of the savings and loan holding company's subsidiaries (which may or may not include the savings association subsidiary), the amounts in the "Consolidated" column should reflect consolidation of those subsidiaries. The amounts in the "Parent Only" column must reflect the savings and loan holding company's investment in subsidiaries and the operations of those subsidiaries, under the equity method of accounting. Subsidiary operations, as a component of the investment account, would include dividends, earnings, and other activity updated on a quarterly basis. In the infrequent circumstance where it is not appropriate under GAAP to consolidate any of the savings and loan holding company's subsidiaries—such as a designated savings and loan holding company filing the FR 2320 that is a minority shareholder of the savings association and controls no other subsidiaries—the amounts in the "Consolidated" column should be left blank.

For insurance savings and loan holding companies: If the savings and loan holding company is an insurance company, and does not prepare financial statements for external use in conformity with GAAP, the institution may file data from financial statements prepared in conformity with statutory accounting principles in the "Parent Only" column. If periodic consolidated financial statements are prepared under GAAP—such as for annual reports to policyholders (i.e., public utilization)—data from these statements should be used in filing the FR 2320 in the appropriate "Consolidated" and "Parent Only" columns.

All reports shall be prepared in a consistent manner. The savings and loan holding company's financial

records shall be maintained in such a manner and scope so as to ensure that the FR 2320 can be prepared and filed in accordance with these instructions and reflect a fair presentation of the savings and loan holding company's financial condition and results of operations. Savings and loan holding companies should retain workpapers and other records used in the preparation of these reports.

Accrual Basis Reporting

All reports must be prepared on an accrual basis. On the accrual basis, income is recognized at the time it is earned, not necessarily when it is received. Expenses are recognized as they are incurred, not necessarily when they are paid.

Equity Method of Accounting for Investments in Subsidiaries, Corporate Joint Ventures and Associated Companies

A savings and loan holding company in preparing its FR 2320 parent company only information (column A) shall account for all investments in subsidiaries, associated companies, and those corporate joint ventures over which the savings and loan holding company exercises significant influence according to the equity method of accounting, as prescribed by GAAP.

B. Report Form Captions and Instructional Detail

No caption on the report forms shall be changed in any way. An amount or a zero should be entered for all items except where the reporting savings and loan holding company cannot report a line item because of the nature of their organization. A zero should be entered whenever a parent company can participate in an activity, but does not, on the report date, have any outstanding balances.

Questions and requests for interpretations of matters appearing in any part of these instructions should be addressed to the appropriate Federal Reserve Bank (that is, the Federal Reserve Bank in the district where the savings and loan holding company submits this report).

General Instructions

C. Rounding

Savings and loan holding companies must report all dollar amounts in thousands, with the figures rounded to the nearest thousand. Items less than \$500 will be reported as zero except for line item 4(a), columns A and B, “Common Stock Par Value.” See instructions for line item 4(a) for details. Rounding could result in details not adding to their stated totals. However, in order to ensure consistent reporting, the rounded detail items should be adjusted so that totals and the sums of their components are identical.

D. Negative Entries

Except for the items listed below, negative entries are generally not appropriate on the FR 2320 and should not be reported. Hence, assets with credit balances must be reported in liability items and liabilities with debit balances should be reported in asset items, as appropriate, and in accordance with these instructions. Items for which negative entries may be made include:

- (1) Item 5(a), “Accumulated Other Comprehensive Income: Accumulated Gains (Losses) on Certain Securities.”
- (2) Item 5(b), “Accumulated Other Comprehensive Income: Gains (Losses) on Cash Flow Hedges.”
- (3) Item 5(c), “Accumulated Other Comprehensive Income: Other.”
- (4) Item 6, “Retained Earnings.”
- (5) Item 7(a), “Other Components of Equity: Total Holding Company Equity.”
- (6) Item 7(b), “Other Components of Equity: Noncontrolling Interests in Consolidated Subsidiaries.”
- (7) Item 8, “Total Equity.”
- (8) Item 10(a), “Net Income (Loss) Attributable to: Holding Company and Noncontrolling Interest.”
- (9) Item 10(b), “Net Income (Loss) Attributable to: Holding Company.”
- (10) Item 20, “Net Cash Flow from Operations Attributable to Holding Company.”

When negative entries do occur in one or more of these items, they shall be recorded with a minus (–) sign rather than in parenthesis.

E. Confidentiality

The completed version of the FR 2320 is available to the public upon request on an individual basis with the exception of the three report items the Federal Reserve has determined to be confidential and protected from disclosure. However, a reporting savings and loan holding company may request confidential treatment for any of the remaining report items if the savings and loan holding company is of the opinion that disclosure of specific commercial or financial information in the report would likely result in substantial harm to its competitive position, or that disclosure of the submitted information would result in unwarranted invasion of personal privacy.

A request for confidential treatment must be submitted in writing prior to the electronic submission of the report. The request must discuss in writing the justification for which confidentiality is requested and must demonstrate the specific nature of the harm that would result from public release of the information; merely stating that competitive harm would result or that information is personal is not sufficient.

Information, for which confidential treatment is requested, may subsequently be released by the Federal Reserve System if the Board of Governors determines that the disclosure of such information is in the public interest.

F. Verification and Signature

Verification. All addition and subtraction should be double-checked before reports are submitted. Totals and subtotals in supporting materials should be cross-checked to corresponding items elsewhere in the reports. Before a report is submitted, all amounts should be compared with the corresponding amounts in the previous report. If there are any unusual changes from the previous report, a brief explanation of the changes should be provided to the appropriate Federal Reserve Bank.

Signatures. The FR 2320 must be signed by the Chief Financial Officer of the savings and loan holding company (or by the individual performing this equivalent

General Instructions

function). By signing page one of this report, the authorized officer acknowledges that any knowing and willful misrepresentation or omission of a material fact on this report constitutes fraud in the inducement and may subject the officer to legal sanctions provided by 18 USC 1001 and 1007.

Savings and loan holding companies must maintain in their files a manually signed and attested printout of the data submitted. Page one of the Reserve Bank-supplied, savings and loan holding company's software, or from the Federal Reserve's website report form should be used to fulfill the signature and attestation requirement and this page should be attached to the printout placed in the savings and loan holding company's files.

G. Amended Reports

The Federal Reserve may require the filing of amended FR 2320 if reports as previously submitted contain

significant errors. In addition, a savings and loan holding company should file an amended report when internal or external auditors make audit adjustments that result in a restatement of financial statements previously submitted to the Federal Reserve.

H. Organization of the Instruction Book

The instruction book is divided into two sections:

- (1) The General Instructions describing overall reporting requirements.
- (2) The Line Item Instructions for each section of the report.

Additional copies of this instruction book may be obtained from the Federal Reserve Bank in the district where reporting savings and loan holding company submits its FR 2320, or may be found on the Federal Reserve Board's public website (<http://www.federalreserve.gov/apps/reportforms/default.aspx>).

The parent holding company is an entity within the corporate structure. Parent-only reporting reflects the

activities of the holding company. The parent activities are often limited to ownership of subsidiaries, financing activities and administrative activities. The parent records investments in subsidiaries as an investment or under the equity method as prescribed by GAAP. On a parent-only basis, intra-group transactions are not eliminated.

Report total assets on a parent only basis. Report details for components included in "Total Assets" in items 12(a) through 14, column A.

Line Item 2, Column A Total Liabilities.

- (2) Preferred stock convertible into common stock.

Report preferred stock net of issuance costs, premiums, and discounts. If the holding company issued preferred stock above par value, include the amount paid in excess of par with the par value.

Line Item 3(b), Column A Noncumulative.

Report permanent preferred stock whose dividends do not accumulate if unpaid.

Common Stock

Line Item 4(a), Column A Par Value.

Report the par value of all outstanding common stock—permanent, reserve, or guaranty stock—that the holding company has issued.

If the par value of common stock issued is less than \$500, report “1” in this data field to indicate that it is not zero, and, if necessary, reduce the amount the holding company reports in line item 4(b), column A, “Common Stock Paid in Excess of Par” by one.

The holding company must reduce retained earnings at the time the holding company declares dividends on common stock. Report the reduction of retained earnings in line item 11, column A, “Dividends Declared Attributable to Holding Company.”

Do not include deductions for:

- (1) Stock the holding company reacquired—treasury stock. Report the amount as a negative, using a minus (–) sign, in line item 7, column A, “Other Components of Equity.”
- (2) Unallocated ESOP shares. Report the amount as a negative, using a minus (–) sign, in line item 7, column A, “Other Components of Equity.”

Line Item 4(b), Column A Paid in Excess of Par.

Paid-in capital from the issuance of preferred stock. Report this amount in line item 3(a) or 3(b), column A.

Accumulated Other Comprehensive Income

Line Item 5(a), Column A Accumulated Gains (Losses) on Certain Securities.

Report accumulated gains (losses), net of taxes, on securities and on certain nonsecurity financial instruments, classified as available-for-sale (AFS).

Gains and losses reported here are not reported in the statement of operations until the asset is sold, or an other-than-temporary impairment loss is recognized (or an allowance for those institutions that have adopted ASU 2016-13), or this amount is amortized in accordance with the following paragraph.

Include the unamortized amount of the gain or loss at the date of transfer of debt securities transferred from AFS to held-to-maturity (HTM). Continue to report this gain or loss in this line item until it is completely amortized over the remaining life of the security as an adjustment of yield in the same manner as a discount or premium.

In addition, report on this line the amount of the other-than-temporary impairment (or an allowance for those institutions that have adopted ASU 2016-13) on AFS and HTM debt securities that is related to all factors other than credit, where that amount is appropriately recognized in other comprehensive income.

Report this data field as negative, using a minus (–) sign, when the holding company’s unrealized losses exceed unrealized gains.

Retained earnings consists of the holding company’s accumulated net income, less distributions to shareholders, and certain accounting adjustments.

Line Item 7, Column A Other Components of Equity.

Report amounts reported under GAAP as separate components of equity. In most cases the amounts in this data field will be negative, as these items typically reduce equity capital. Report a negative amount with a minus (–) sign.

Include:

- (1) Treasury stock.
- (2) Unearned employee stock ownership plan (ESOP) shares, when such reporting is required under GAAP.

Line Item 8, Column A Total Equity.

This line item is derived from the sum of line items 3(a), 3(b), 4(a), 4(b), 5(a), 5(b), 5(c), 6 and 7, column A.

Generally, parent only “Total Equity” should be equal to consolidated “Total Equity” (line item 8, column B), less any amount reported on line item 7(b), column B, “Noncontrolling Interests in Consolidated Subsidiaries.”

Line Item 9, Column A Total Liabilities and Equity.

This line item is derived from the sum of line items 2 and 8, column A. This amount should equal the amount in line item 1, column A.

Report the holding company’s receivable from savings association subsidiaries, which is sometimes referred to as “advances to” or “due from.” Include certain ESOP borrowings reflected on the savings association’s books that are reported as receivables on a parent only basis.

Line Item 12(b)(2), Column A Other Subsidiaries.

Report the holding company’s receivable from subsidiaries other than savings association subsidiaries, which is sometimes referred to as “advances to” or “due from.”

Investments in Subsidiaries

Line Item 12(c)(1), Column A Savings Association.

Report the holding company’s direct investment in savings association subsidiaries in a manner that reflects the equity method of accounting. In most cases, if the savings association subsidiaries are wholly owned, this line should equal the savings association’s equity capital on Schedule RC, line 28 of the Call Report.

Report zero if this holding company is not the direct owner of the savings association.

Line Item Instructions

Line Item 12(c)(2), Column A Other Subsidiaries.

Report the holding company's investment in subsidiaries other than savings association subsidiaries in a manner that reflects the equity method of accounting. If this holding company is not the direct owner of the savings association, report the holding company's investments in one or more of the mid-tier holding companies.

- (4) Non-compete agreements.
- (5) Lease agreements.
- (6) Computer software costs.

Line Item 14, Column A Deferred Policy Acquisition Costs.

Line Item 15, Column A Included in Total Liabilities (Excluding Deposits) Payable to Subsidiaries.

Borrowings, as the term is used here, means short-term or long-term debt, negotiated with specified terms, usually including interest rates and repayment dates.

Borrowings exclude deposits and transactional liabilities, such as accounts payable, income taxes payable, and accrued liabilities.

Savings Association Subsidiaries

Line Item 15(a)(1), Column A Transactional.

Report the holding company's payable to savings association subsidiaries, which is sometimes referred to as "advances from" or "due to." Do not include amounts reported in line item 15(a)(2), column A.

Line Item 15(b)(2), Column A Debt.

Report the balance of the holding company's borrowings from its subsidiaries other than savings association subsidiaries. Do not include amounts reported in line items 15(b)(1) and 16, column A.

Line Item 16, Column A Trust Preferred Instruments.

Trust preferred securities are typically issued to third party investors by a wholly owned trust of the holding company. The holding company typically borrows from the trust substantially all the net proceeds from issuance of the trust preferred securities. For parent only reporting, report the balance of the holding company's borrowings from the trust that issued the trust preferred securities.

In most cases, the holding company's financial statements do not reflect consolidation of the financial statements of the trust that issued the trust preferred securities. Accordingly, the amount reported in column A of this item should be equal to the amount reported

Line Item Instructions

in column B of this item. If the trust is consolidated, report in column B of this item the balance of the trust preferred instruments.

Line Item 17, Column A Other Debt Maturing in 12 Months or Less.

Report all borrowings, excluding deposits, payable to subsidiaries, and trust preferred instruments that the holding company would classify as current liabilities if the holding company were to present a classified balance sheet. Include such borrowings that, within the next 12 months, either (1) contractually mature; (2) are callable at the option of the lender; or (3) otherwise become due and payable.

Callable, as the term is used here, refers to an option by the lender to require repayment of the borrowing before its contractual maturity.

A *classified balance* sheet is one that includes subtotals for current assets and current liabilities. Most savings association holding companies do not present a classified balance sheet. However, for purposes of line item 17, columns A and B, and line item 18, columns A and B, classify all borrowings as either current or noncurrent.

Example: A holding company's borrowings, on a consolidated basis, include a FHLBank advance where the contractual maturity date is beyond the next 12 months. However, beginning on a date within the next 12 months, the FHLBank may exercise its option to require immediate repayment of the advance. The holding company should include that advance in line item 17, columns A and B.

Line Item 18, Column A Other Debt Maturing in More Than 12 Months.

Report all borrowings (other than payables to subsidiaries and trust preferred securities) except:

- (1) Debt maturing in 12 months or less reported in line item 17, columns A and B.
- (2) Deposit and escrow liabilities held by the holding company or any other subsidiary depository institution.

Reflected in Net Income

Line Item 19(a), Column A Interest Income.

Report interest income on all interest-bearing assets, including those assets reported in line items 12(a), 12(b)(1), and 12(b)(2), column A.

Line Item 19(b), Column A Dividends.

As stated in the General Instructions to the FR 2320, the amounts in the "Parent Only" column should reflect the holding company's investment in subsidiaries, and the operations of those subsidiaries, under the equity method of accounting. Consistent with those instructions, the holding company's net income on a "Parent Only" basis, as reported in line item 10(b), column A, should reflect the holding company's equity in net income or loss of its subsidiaries. Typically, such income or loss is presented as two separate components:

- (1) Dividends from subsidiaries—that is, the distributed component, and
- (2) Equity in undistributed income or loss of subsidiaries.

Accordingly, report in line items 19(b)(1) and 19(b)(2) the dividends from subsidiaries component of the holding company's equity in net income or loss of its directly owned subsidiaries.

For example, assume that the holding company's equity in the net income of its savings association subsidiary is \$10 million; and that dividends declared by, and received from, the subsidiary are \$3 million. The holding company's net income on a parent only basis reported in line item 10(b), column A, "Net Income (Loss) Attributable to Holding Company," would include the \$10 million. The holding company would report the \$3 million in line item 19(b)(1), column A. Note that the holding company's \$7 million (\$10 million – \$3 million) undistributed income component of its equity in income of the savings association subsidiary would not be reported separately in the FR 2320.

Line Item 19(b)(1), Column A From Savings Association Subsidiaries.

Report dividends from savings association subsidiaries in which the holding company has direct ownership.

Line Item Instructions

Such dividends should be recognized by the holding company under the equity method of accounting.

Line Item Instructions for CONSOLIDATED—Column B

Prepare the consolidated amounts in the FR 2320 in accordance with GAAP unless specifically stated otherwise. All data is reported as of the end of the quarter, or in the case of income, expense, and other activity data, for the period of one calendar quarter. Report subsidiaries that are not GAAP-consolidated subsidiaries using the equity method of accounting.

Line Item 1, Column B Total Assets.

Report total consolidated assets. Report details for components included in "Total Assets" in line items 12 through 14, column B.

Report total consolidated liabilities. Report details for components included in "Total Liabilities" in line items 16 through 18, column B.

Dividends on perpetual preferred stock reduce retained earnings when declared. Include them in line item 11, column B, "Dividends Declared Attributable to Holding Company."

Do not include:

- (3) Redeemable preferred stock.
- (4) Permanent preferred stock issued by a consolidated subsidiary.

The holding company must reduce retained earnings at the time that the holding company declares dividends on common stock. Report the reduction of retained earnings in line item 11, column B, “Dividends Declared Attributable to Holding Company.”

Accumulated Other Comprehensive Income

Line Item 5(a), Column B Accumulated Gains (Losses) on Certain Securities.

Report accumulated gains (losses), net of taxes, on securities and on certain nonsecurity financial instruments, classified as available-for-sale (AFS).

Gains and losses reported here are not reported in the statement of operations until the asset is sold, or an other-than-temporary impairment loss is recognized (or an allowance for those institutions that have adopted ASU 2016-13), or this amount is amortized in accordance with the following paragraph.

Include the unamortized amount of the gain or loss at the date of transfer of debt securities transferred from AFS to held-to-maturity (HTM). Continue to report this gain or loss on this line until it is completely amortized over the remaining life of the security as an adjustment of yield in the same manner as a discount or premium.

In addition, report on this line the amount of the unrealized losses on AFS and HTM debt securities that is related to all factors other than credit, where that amount is appropriately recognized in other comprehensive income.

Line Item Instructions

Line Item 6, Column B Retained Earnings.

Retained earnings consists of the holding company's accumulated net income, less distributions to shareholders, and certain accounting adjustments.

Line Item 7, Column B Other Components of Equity.

Report amounts reported under GAAP as separate components of equity. In most cases the amounts in this data field will be negative, as these items typically reduce equity capital. Report a negative amount with a minus (–) sign.

Include:

- (1) Treasury stock.
- (2) Unearned employee stock ownership plan (ESOP) shares.

Line Item 7(a), Column B Total Holding Company Equity.

This line item is derived from the sum of line items 3(a), 3(b), 4(a), 4(b), 5(a), 5(b), 5(c), 6, and 7, column B.

This subtotal excludes noncontrolling interests in consolidated subsidiaries.

Line Item 7(b), Column B Noncontrolling Interests in Consolidated Subsidiaries.

Include:

- (1) Common and perpetual preferred stock issued by the holding company's consolidated subsidiaries to third parties that constitute a noncontrolling interest.

For any net income or loss attributable to a noncontrolling interest in a consolidated subsidiary, see the instructions for line item 10(b), column B, "Net Income (Loss) Attributable to Holding Company."

Do not include:

- (2) Mandatorily redeemable preferred stock that must be classified as a liability under GAAP. Report this amount in line item 2, column B, "Total Liabilities."

- (3) Redeemable and perpetual preferred stock that was issued by consolidated subsidiaries and is owned by the holding company or its other subsidiaries as an investment asset. When making consolidating entries, eliminate the preferred stock of the consolidated subsidiary.

Line Item 8, Column B Total Equity.

This line item is derived from the sum of line items 7(a) and 7(b), column B.

Generally, consolidated "Total Equity" should be equal to parent only "Total Equity" in line item 8, column A, plus "Noncontrolling Interests in Consolidated Subsidiaries" in line item 7(b), column B.

Line Item 9, Column B Total Liabilities and Equity.

This line item is derived from the sum of line items 2 and 8, column B. This amount should equal that in line item 1, column B.

Line Item 10(a), Column B Net Income (Loss) Attributable to Holding Company and Noncontrolling Interests.

Line Item 11, Column B Dividends Declared Attributable to Holding Company.

Report the cash and noncash dividends declared on preferred and common stock reported in line items 3(a), 3(b), 4(a), and 4(b), column B, which are attributable to the holding company. **Do not include** dividends attributable to noncontrolling interests in consolidated subsidiaries.

Line Item Instructions

Included in Total Assets

Line Item 12(a), Column B Cash, Deposits, and Investment Securities.

Report the total amount of cash, including deposits with financial institutions, and investment securities.

Do not include the holding company's investments in consolidated subsidiaries, as such amounts should be eliminated in consolidation.

Intangible Assets

Line Item 13(a), Column B Mortgage Servicing Assets.

Report the carrying amount of mortgage servicing assets.

Line Item 13(b), Column B Nonmortgage Servicing Assets and Other.

Report the balance of the total consolidated nonmortgage servicing assets and other intangible assets. See line item 13(b), column A, for further explanation.

Line Item 14, Column B Deferred Policy Acquisition Costs.

Report deferred policy acquisition costs incurred by insurance companies. Deferred policy acquisition costs include variable acquisition costs such as commissions and underwriting and policy issuance expenses related to both new and renewal insurance policies and annuities.

Line Item 16, Column B Trust Preferred Instruments.

Where the holding company's financial statements reflect consolidation of the financial statements of the trust that issued the trust preferred securities, report the balance of the trust preferred securities—not the balance of the holding company's borrowings from the trust. Where the trust's financial statements are consolidated with those of the holding company, the holding company's borrowings from the trust are eliminated in consolidation. Refer to line items 16, column A, for additional information on reporting of Trust Preferred Instruments. In most cases, the holding company's financial statements do not reflect consolidation of the financial statements of the trust. Accordingly,

report the balance of the holding company borrowings from the trust.

Line Item 17, Column B Other Debt Maturing in 12 Months or Less.

Report all other borrowings (on a consolidated basis), excluding deposits, trust preferred instruments and inter-company borrowings not eliminated in consolidation, that will mature in 12 months or less. If a direct savings association ownership by the parent exists, then this line should include the proportionate ownership of FHLB advances, repurchase agreements, and most of the items that would meet the definition of borrowings as reported on Schedule RC of the Call Report at the savings association level. Intercompany accounts between all entities included in this consolidation should be eliminated. See line item 17, column A, for further explanation.

Line Item 18, Column B Other Debt Maturing in More than 12 Months.

Report other borrowings (on a consolidated basis), that will mature in more than 12 months. If a direct savings association ownership by the parent exists, then this line should include the proportionate ownership of FHLB advances, repurchase agreements, and most of the items that would meet the definition of borrowings as reported on Schedule RC of the Call Report at the savings association level. Intercompany accounts between all entities included in this consolidation should be eliminated. See line item 18, column A, for further explanation.

Reflected in Net Income

Line Item 19(a), Column B Interest Income.

Report interest income on all interest-bearing assets, including those assets reported in line item 12(a), column B.

Line Item 19(c), Column B Total Income.

Report the holding company's total income from all sources, including the amount reported in line item 19(a), column B.

Line Item Instructions

Interest Expense

Line Item 19(d)(1), Column B Trust Preferred Instruments.

Where the holding company's financial statements do not reflect consolidation of the financial statements of the trust that issued the trust preferred instruments, report interest expense on the borrowings from the trust that issued the trust preferred instruments. (In this case, line item 16, column A, and line item 16, column B, will be equal). If the trust is consolidated, report in line item 19(d)(1), column B, the dividends paid on the trust preferred instruments. (When the financial statements of the trust are consolidated with those of the holding company, the interest expense on the holding company's borrowings from the trust is eliminated in consolidation.)

Line Item 19(d)(2), Column B All Other Debt.

Report interest expense, *excluding* interest expense on trust preferred instruments reported in line item 19(d)(1), column B.

Line Item 19(e), Column B Total Expenses.

Report the holding company's total expenses from all sources, including the amounts reported in line items 19(d)(1) and 19(d)(2), column B.

Line Item 19(f), Column B Total Income Taxes.

Cash Flow

Line Item 20, Column B Net Cash Flow from Operations Attributable to Holding Company.

Report the net increase or decrease in cash and cash equivalents from operating activities, as it would appear in a statement of cash flows prepared in accordance with GAAP. Do not include any change in cash and cash equivalents from investing and financing activities, or from operating activities attributable to noncontrolling interests.
