

**Instagram and Threads Launch Transcript
October 2, 2023**

CHAIR POWELL. Hi I'm Jay Powell. I'm the Chair of the Federal Reserve, and I want you to know that the Federal Reserve is now on Instagram and Threads.

The Fed is America's central bank, working to promote a healthy economy and strong financial system.

That mission starts with you. October is National Economic Education Month, and throughout the month and beyond we'll be posting here with information, links to events and other resources about how Fed decisions affect you, your family and your community.
